

# Readers are FLEXIBLE- If one strategy doesn't work, try another!

When we get to a tricky word when reading, we can use our strategies to help us figure out those words. Sometimes we have to use more than one strategy.

Tryin' Lion says if one strategy doesn't work, try another.

Think about the story and ask yourself, "What would make sense here? Does the word make sense? Does it sound right? Look right?"

Every time you read, make sure to use your strategy power!
